 - Fabrics and cuts – any fabric and cut can be created (as long as there is a sample of what you want)
 - Design – All designs can be customized to meet your needs
 - For example, I could create a pair of underwear that had your store name or logo on the backside, across a pajama top or down one leg of a sweat pant.
- ◆ **Items in the works**
 - **Matching Items**
 - Matching Cami sets comprised of a tank top and boy short style bottoms.
 - For example, your store name or logo could be printed across a white tank top, and have the zip code on the boy shorts' backside.
 - Matching “Mommy and Me” sets
 - For example, place a peace sign in the center of the toand on the left butt cheek on the backside.
 - The tops could be Tanks or T-shirts, with matching bottoms.
 - These would reach across all age groups, giving mothers and daughters a fun way to connect.
 - **Fold-over sweats**
 - I am developing a better quality sweat pant for lounging and activities. Something that is comfortable for hanging out but also could be worn during daily activities.
 - An example of something similar would be “So low” or “Hard Tail”
 - **Pajama Sets**
 - Designs can be down the leg, across the tank top or t-shirt top, or on the backside
 - Fully customizable designs, sizes, fabrics, and cuts
